

SLOAN[®]

Sloan Gravity Toilets
A new design with a unique look.

Thoughtfully designed

Sloan's Gravity Toilet features a one-piece look with the benefits of a two-piece toilet.

The innovative tank design features a slightly inverted taper for a unique, modern aesthetic and a raised deck that eliminates rocking. The lid fits perfectly on the tank with no overhang, creating a monolithic, sleek appearance.

WETS-4009.4211 Gravity Toilet and Designer Series™
DSG-81000 Gradient Sink in Corian® Designer White with
Stainless Steel Enclosure with Optima® EBF-425 Faucet
and Sloan® ESD-420 Soap Dispenser in Polished Chrome.

Centriflo technology delivers a cleaner flush

Achieve a hygienic and strong flush with our dual-delivery bowl design.

The sleek bowl design without rim holes provides a smooth surge of water that thoroughly clears and cleans the bowl with every flush. Without rim holes and crevices that clog with bacteria, mold, and minerals, the large, smooth grooves direct water and provide an easy cleaning experience.

Available in 1.1 gpf (4.2 Lpf) and 1.28 gpf (4.8 Lpf) volumes that meet WaterSense and other sustainability regulations, as well as the standard 1.6 gpf (6.0 Lpf).

Sloan Gravity Toilets look at home in a variety of environments

Our Gravity Toilets bring water savings, enhanced hygiene, and durability to commercial spaces of all kinds.

Commercial

Designed to make light-to-medium-traffic restrooms in office buildings, warehouses, retail, and places of worship more welcoming.

Hospitality

Complete the look of any hospitality environment by making guests feel comfortable with a contemporary design.

Education

Enhanced hygiene and easy-to-clean glaze ensures durable fixtures with a classic design for education facilities, daycares, preschools, and more.

Healthcare

Sloan Gravity Toilets are compatible with medical, outpatient and assisted living facilities, and retirement villages.

Multi-family

A timeless fixture design reimagined for present-day apartment and multi-family living.
